

Web Design Day

June 23 & 24, 2016

Web Design Day

Workshops: Thursday June 23, 2016

Conference: Friday June 24, 2016

The sell-out event that brings the very best of web design to Pittsburgh! Our event features diverse international industry leaders alongside talent from Pittsburgh sharing the stage for an unmissable and informative day.

OUR ATTENDEES

Our attendees are key decision-makers and advisors for their companies and clients regarding hosting, e-commerce, software and other factors that go into a web design project. Many are also extremely active online and regularly influence their peers in blogs, published articles, and social media.

Some of these active and talented web designers and developers may also be a great fit for your creative team or agency if you are currently looking for new talent.

The demographic split of our audience tends to be approximately 50% female and most are between the ages of 25 to 35 years old.
